4. In the case where the import student does qualify, it is the expectation that the student and family continue to apply.
   a. Should the FAFSA application not be received at the time of awarding, the TE import award will be reduced by the Annual maximum federal Pell grant and maximum state grant allowable.

5. Questions regarding the financial aid application process should be directed to the Financial Aid Office.

**EXPORT APPLICATION DETAILS:**

Any TE export applicant wishing to be considered for TE export consideration must complete the LOYNO TE Program Export Application. The application is available on line at FACHEX/TEP Student Export Application.
1. Export eligibility: the individual seeking to be exported must be a dependent child of the benefits-eligible employee. The term legally dependent child shall be limited to children by birth, marriage or adoption claimed on either parent’s most recent federal income tax return.

   a. In the case of the deceased employee visit directly with HR regarding tuition benefit options.

4. LOYNO will export one dependent per family over the course of a four-year period. It is the responsibility of the family to determine which dependent will be selected as the Import. Do not ask the school to submit multiple family applications to see which one is selected.

5. In the case of both parent’s employed by LOYNO. It is still one export per family.

LOYNO has an official TE award application. It is available online at [FACHEX/TEP Student Export Application](#). This is the application required for TE applicants to be considered.

6. First year, first time students will be given first consideration.

7. In the case of a continuing student wishing to be exported, please be sure to check with your attending (importing) school to confirm they will consider a continuing student as eligible for TE.

8. Transfer students will be considered only in the case of remaining unfilled spots. Again, it is important to check with the attending (importing) school to confirm they will consider a transfer student as eligible for TE.

**Export Eligibility details:**

Tuition Exchange, Inc. requires all members to maintain a five-year average balance of Exports and Imports.

To insure LOYNO is keeping our eligibility in check, LOYNO reviews annually the number of Exports and Imports currently in the system to determine the number of eligible exports that can be offered for the following academic year.

1. The deadline to apply for Tuition Exchange consideration is February 15.
   a. If you miss this deadline, applications will be accepted on a first-come, first-serve basis. Please be aware that those not received in advance of the deadline above may not be considered at all or may be considered well after May 1.

2. If multiple applications are received simultaneously, then the actual Export selection process is based on employee seniority or a weighted lottery based on the employee’s length of service.
a. In the case of both parents employed by LOYNO, the parent with the longer employment history will be parent of record for purposes of the lottery.

3. In order for a TE scholar to be renewed for subsequent years (up to a maximum of 8 semesters or graduation, whichever is first) LOYNO will confirm the employed parent has maintained employment eligibility at the conclusion of each grading period.
   a. Should the parent leave LOYNO employment, the Import school will be notified that the student is no longer eligible at the conclusion of the term in which the employee separates.
   b. In the case of both parent’s working for LOYNO provided the other parent is eligible (see item 2 in the Export application details section) the TE awarded student will retain their eligibility.
   c. In mitigating circumstances of employment, it is important for the employee to visit directly with their supervisor for next steps.

4. In addition to maintaining eligibility for Export, the student is responsible for maintaining academic progress and positive social deportment at the Importing school. TE Award eligibility is a two-way street. Generally, this information is available in the college catalog or student handbook of the Importing school.
   a. Students who lose TE eligibility due to failure to maintain as stated above will not be considered for future export consideration to either the same school and/or a new school.

5. In the case of a student transferring schools, LOYNO will continue to support the TE awarded student for a maximum of 8 semesters or graduation, whichever is first; however the TE school where the student is transferring has the right to refuse the Import request.

6. In the case of a student withdrawing from the educational program - LOYNO will consider continued Export support on a case-by-case review. Please visit with Ross Matthews or Donna Rochon (TELO) for specific requirements in this situation.

7. LOYNO will follow-up with each employee mid-October and again mid-February to confirm the Exported student is still enrolled at the school of Import record. It is vital that the parent respond timely to this request.

8. Mitigating circumstances are reviewed on a case-by-case basis and any decision made is considered final.

Loyola University New Orleans retains the right to modify, change or revise these guidelines.
